Why waste fuel when idle? Escape knows when you're stopped in traffic and shuts down the engine automatically.⁸ Simply lift your foot off the brake and the engine restarts.

Quick Smart

From Forward Collision Warning with Brake Support^{3, 9}, which may help to mitigate a collision by first warning you and then pre-charging the brakes, to Adaptive Cruise Control^{3, 9}, that can maintain a selected distance from the car in front, the Escape range has lots of sophisticated technology available. There's even a system that can help keep you in your lane on the freeway.^{3, 9, 10}

Power To Do More

The Escape's twin-scroll 2.0L EcoBoost, 2.0L Turbo Diesel and 1.5L EcoBoost engine options allow for maximum power with incredible efficiency. Save on fuel while you enjoy all the low-end torque you could ever need for a family adventure.

Panoramic Sunroof

Taking up almost 50% of your roof space, the panoramic glass roof brings the outdoors in, at the touch of a button.²

Enhanced Active City Stop

At speeds of up to 50 km/h, Enhanced Active City Stop can detect if the car in front unexpectedly stops and can automatically apply the brakes to help avoid a rear-end collision or reduce the impact of one.^{3, 4}

Let Curiosity Be Your Guide

With an active grille shutter, racing-car inspired paddle shifters⁵ and Intelligent All-Wheel Drive,⁶ almost nothing is off limits.

Enhanced Active Park Assist

Parallel and perpendicular parking made easy. Enhanced Active Park Assist helps you find a suitable parking spot and automatically steers you in and out while you work the gears, accelerator and brake.^{2, 3}
